

H1N1 Vaccine Available to All Who Want It

NIAGARA REGION, November 16, 2009 – Niagara Region Public Health is making the H1N1 vaccine available to all Niagara residents who want it, effective immediately.

“Locally, we have the vaccine and resources available to expand our H1N1 clinics to all who want it, and make it more accessible and convenient for our residents,” stated Dr. Robin Williams, Medical Officer of Health. “Although our local direction differs from provincial decisions, Niagara Region Public Health will be moving forward with this expansion.”

Clinics are scheduled through to December 4, 2009 at various locations across Niagara, including Niagara Falls, Fort Erie, Welland, Port Colborne, Grimsby, Thorold, and Niagara-on-the-Lake. For the most current H1N1 vaccine clinic schedule, visit www.niagararegion.ca or call the H1N1 Information Line at 905-688-8248 ext. 7950 or toll-free at 1-888-505-6074.
